President/CEO:

**Business Identifier:**

Human factors engineering: specializing in AR, VR and Mixed Reality training solutions

### General Profile:

Specializing in human systems integration to accelerate and optimize human performance, Design interactive Inc (adba DI) provides adaptive, intuitive and engaging solutions derived through deep diagnostics. Over more than two decades, DI's goal has been to develop and use the latest and most cost effective human factors engineering practices to deliver high productivity and engaging interactive systems that empower users. The firm uses deep behavioral and physiological diagnostics to design adaptive, engaging solutions that saves lives, optimize performance, and profoundly enhance the user experience. DI offers solutions in the areas of Biosignature Analytics; Virtual, Augmented & Mixed Reality (VAMR); Human Performance Augmentation; and UI/UX & Software Development. The firm operates offices in Florida and Virginia.
