President/CEO:

Business Identifier:

Cloud-based XR platforms powering high-performance and scalable AR/VR/MR experiences on mobile devices v

General Profile:

Management describe the assembled Grid Raster Inc team as "passionate technologists" having a combined experience of 50+ years in building, deploying and taking to market next-generational mobile and network-based products. With management personnel having previously worked at Qualcomm, Apple, Broadcom and Texas Instruments, the firm's leadership is indicated as having shaped some of the defining technologies such as 3G/4G/VOIP/Optical -- using the firm's deep expertise in computer graphics, cloud computing, AI, wireless infrastructure, optical, mobile and software development (14 patents) to shape the future of next defining computing platform: Mixed Reality.
